## Introduction

Powder Horn is a training opportunity designed to expose Venturing, Boy Scout Leaders or Cub Scout Leaders to activities and resources necessary to operate a successful Venturing Ranger or Troop High Adventure Program in several ways:

- ✍ Help Venturing Leaders and Scouters to safely conduct outdoor activities of a fun and challenging nature
- ✍ Provides an introduction to the resources necessary to successfully lead their Venturers and older Boy Scouts through a program of high adventure.
- ✍ Familiarizes the Advisor with the Ranger program so that he or she can help the Venturer to meet the requirements of the Ranger Award.
- ✍ This course is based on the Venturing Ranger requirements giving participants an exposure to outdoor/high adventure activities.

This Powder Horn Course will include the following Ranger Core Requirements and Electives: *(No one has to do*

*any activity they feel uncomfortable with.) Activities listed could change.*

Backpacking; Communication; Conservation Project Development; Cooking; Emergency Preparedness; Expedition Planning; First Aid; Plants, Wildlife & Ecology; Wilderness Survival; Land Navigation; Leave No Trace Camping; Life Saver; Mountaineering; Outdoor Living History; Overnight; Physical Fitness; Shooting Sports; Working with Teens.

## Learning Objectives

After completing this course participants should have sufficient introductory information, which will provide the following outcomes:

- ✍ Detailed knowledge of the Venturing Ranger Award and associated Silver Award requirements
- ✍ Knowledge of the health and safety requirements, and rules and regulations of the Boy Scouts of America as they apply to outdoor programs.
- ✍ Introduction to the skills necessary to operate their outdoor program and the certifications necessary and how to obtain those certifications.
- ✍ Knowledge of how to identify local resources and consultants for Ranger Award and High Adventure activities.

This course is ***not a total training program***, and is not intended to enable the leader to be an expert or even self-sufficient in any aspect of outdoor skills. The leader will most likely still need knowledgeable, trained, and certified individuals (Consultants) to help provide a safe and correct outdoor/high adventure program.
