

EARN THE FLY FISHING MERIT BADGE

The Upper Chattahoochee Chapter of Trout Unlimited (UCCTU) is now planning its youth education programs for the fall and winter of 2010. If your troop is interested in offering its Scouts the opportunity to earn the Fly Fishing merit badge, contact UCCTU members Kent Garner at bsaffmb@comcast.net or Ted Prenares at tedprenares@hotmail.com.

UCCTU members will come to your troop meeting or other location and teach your Scouts the skills necessary to earn the fly fishing merit badge. Furthermore, UCCTU will provide all required equipment and will, in certain circumstances, lend rods to Scouts to practice their casting. Following this training, we'll help the Scouts catch at least one fish to complete the merit badge requirements.

Please provide the following information with your inquiry: (1) Name and contact data for the coordinating troop leader; (2) Number of Scouts interested in earning the MB; (3) Preferred location, time and weekday for MB training; and (4) Number of fly fishermen/women in troop, if any. This will assist us in planning our programs.
